DONATE TO RECREATION YOUTH SCHOLARSHIP FUND (RYSF)

The Recreation Youth Scholarship Fund is funded in part by the generous donations of people like you. During these trying financial times there is more demand for youth scholarship funds than is available. Please consider making a donation of any amount to this very worthwhile cause. By donating to the Recreation Youth Scholarship Fund you can have a positive impact on the life of a young person right here in Elgin. You can make an on-line donation for the Recreation Youth Scholarship Fund at the City’s website by accessing www.cityofelgin.org/ysf.

Recreation Youth Scholarship Fund (RYSF)
The Recreation Youth Scholarship Fund was established in 1993 to provide financial assistance to young people in Elgin, whose families could not afford to register them for recreational programs. The intent of the scholarship is to subsidize the resident fee on most of our recreation programs and punch passes. Scholarships are limited to existing funds on a first come, first served basis.

Parents/Legal Guardians and Youth, 5 to 17 years of age, must live within the corporate city limits of the City of Elgin, and in the same household. Families requesting to receive financial assistance through the Recreation Youth Scholarship Fund must be prepared to provide PROOF OF RESIDENCY (Valid Illinois Driver’s License or Illinois State ID) and PROOF OF FINANCIAL NEED (School District Free Meal Letter or Current Year Tax Return).

In 2023, scholarships are limited to existing funds on a first come, first served basis with a maximum of $125 per qualified youth and expire on December 30, 2023. All fees above $125 are the participant’s responsibility. Applications are accepted upon availability of funds and updates are available at www.cityofelgin.org/ysf. For more information, call 847-931-6123.

**Swim Lessons**

**Group Swim Lessons**

Swim lessons are a great way to increase your child’s confidence, build interest in a healthy hobby, and develop their independence in the water. All swim lessons are taught under the philosophy of the American Red Cross. The instructors follow the guide of the Red Cross in all their teachings of the class.

Each level introduces new skills and a variety of activities for the student to take part in. If needed, we will accommodate a student by placing them in the appropriate level if space permits in the class. Children that are not potty-trained must wear a swim diaper.

Swim lessons take place once a week and last from 30 to 40 minutes depending on the level. Class size is limited to four (4) students for Preschool thru Level 6. Our AquaBabies class is limited to six (6) students, but does require a parent in the water during the class.  SG

Elgin Cyclones Swim Team

Are you looking for a competitive team to reach your swim goals, or are you looking for a fun way to enjoy the sport of swimming? The Cyclones are a year-round competitive team that competes at a high level and still nurtures the love of swimming in everyone.

Team evaluations are held at the Centre of Elgin, and are required for new members of the team. Please email admin@elgincyclones.org to learn more about the Elgin Cyclones Swim Team.

Cyclone Swim Academy

Cyclone Swim Academy is a training ground for swimmers who want to learn the basic skills necessary for competition. Specifically, legal competitive stroke techniques, competition turns and starts, and what it means to be a good teammate. The minimum requirements to pass an evaluation to train with the CSA group are: classroom behavior, desire to join the Elgin Cyclones, complete comfort in deep water, 25 yards swimming freestyle with rhythmic breathing skills and 25 yards backstroke; both swims must be non-stop. Swimmers and parents/guardians are expected to participate as full team members. All swimmers must join Illinois Swimming at the time of registration.

Advancement to Bronze Group will be decided by our coaches based upon skill proficiency and other considerations specific to the Bronze training group.

- Times: TBD, check www.elgincyclones.org
- Fee: $200.00
- Location: The Centre of Elgin, Adventure Island

Pre-Team Group:

This group is for the relatively new competitive swimmer that is not ready for the Gold or Senior groups. Pre-team is designed to help the new swimmer meet the minimum requirements for acceptance into their rightful workout group. Once the minimum requirements are met, the swimmer will be transferred to their right group. It is not uncommon for swimmers to spend an entire season in this group.

Bronze Group:

The Bronze workout group is the initial team experience for the beginning Cyclone swimmer aged 6 to 10. To become a member of this group, swimmers must be able to perform the following: 50 yards of freestyle from a standing dive; 25 yards each of butterfly, breaststroke, and backstroke (25 yards of streamline dolphin kick may be substituted for the butterfly); and a freestyle flip turn. The ability to listen and follow directions is important for success in this group.

Silver Group:

This group is for the swimmer who has been in the Cyclones or similar program and has achieved a designated level of success based on effort, practice consistency, swim meet participation, and time standard achievement. Swimmers must successfully demonstrate a 200 IM with correct starts and turns, have the ability to swim between 3,500-4,000 yards/meters, participate in as many ISI meets as possible and show up for a minimum of 3 of the 4 workouts per week. The group will be specifically working towards seasonal goals which include developing a good work ethic, continued stroke and technique development, goal setting for meets, and a love for racing! This group is for those whose goal is to be a multi-event state championship qualifier by the end of the season.

Gold Group:

The emphasis of this group is to refine competitive stroke technique, build strength & endurance, promote a healthy lifestyle and expose 10-13 year old swimmers to greater racing opportunities. Swimmers are expected to practice 4 to 5 times per week throughout the swim season and attend the majority of meets including three ISI meets minimum. Must be able to swim a legal 200 IM with correct stroke and turn technique. Dryland training will be part of the training regimen.

Senior Group:

This is for the 13 and older swimmer who has been swimming competitively for numerous years and can make the time commitment to continue to swim at the highest level. Competing is a high priority. Swimmers in this level compete at most ISI meets as well as Regionals, Age Group State, Senior State, Speedo Sectionals, and any national meets a swimmer qualifies for. These swimmers should have solid overall swimming technique and be capable of competing in any stroke at any competitive distance.

Seniors will have dry-land training at least 2 days per week.
**O U T D O O R  P O O L  S E A S O N  B E G I N S**

2022 Illinois Brews @ Bowes Creek Results

The Elgin Parks and Recreation Department hosted its eleventh annual fundraiser at Elgin’s award-winning golf club, Bowes Creek Country Club, on Saturday, September 10. The event was a great success with over 350 people enjoying the festivities and helping to raise over $28,000 for recreation programs for at-risk kids. We want to thank those organizations and companies that supported the event by providing services or sponsorships. Money raised at this year’s event will benefit 200 youth who can now register for a wide variety of programs or athletic activities. The Elgin Parks and Recreation Department thanks the sponsors of our Illinois Brews @ Bowes Creek fundraiser, Youth Scholarship Fund.

All Sports Junior Programs

Learning proper mechanics and footwork early can make a huge difference in an athlete’s growth. The trained and dedicated All Star staff have the patience and knowledge to motivate and communicate with young athletes.

Junior Programs are designed to keep everyone actively moving, thinking, having fun, and a positive experience. Learning about teamwork and sportsmanship is a large part of each program.

Skills program is the next level to athletic training and is coached by an All Star Sport specific trainer. A speed and agility component powered by Ethos 360 Performance training is added at this level. Our goal is to add layers to each athlete’s basic foundation learned at the Junior level to further advance their knowledge and enhance their skill set so they can compete at more competitive levels if they choose to take the next step in their athletic journey.

Each session includes 10-15 minutes of athletic conditioning with sport specific drills that will be modified according to each athlete’s age or ability. DM

BMX Racing

BMX Racing is one of the fastest-growing family sports in the country. It’s not uncommon to see three generations out at the track, cheering-on their racer and, sometimes, joining in the fun and fitness BMX Racing offers. Racers from 3-63 yrs of age are a regular part of our racing program, and enjoy a healthy-dose of competition and camaraderie, along with great exercise.

The Hill BMX, at the Elgin Sports Complex, is a favorite of new and long-standing BMX racers alike, and has been serving families in the community for over 25 years. We offer regularly-scheduled racing every Saturday from April through October (weather permitting), and all ages/skill levels are welcomed.

BMX Racing at The Hill is a “show up to sign up” activity that fits in to your family’s unique schedule. See the details below for registration times and other particulars. It’s time to pull the bikes out of the garage, air up the tires, and hit the track for some quality family time that is so precious these days.

Welcoming new families to the track is a big part of what the all-volunteer team at The Hill BMX does for the community. “New Family Orientation” events are scheduled monthly from April to October, and help beginning riders and parents become “part of the group” from day one.

The track is open for the community to experience for free when sanctioned racing or practice is not in session. Come on out to the Elgin Sports Complex, take a look at the track and maybe even turn a few laps if the weather is favorable. Now is the time to start planning your family’s activities. We hope to see you at The Hill BMX in 2023!

More information can be found on our website, thehillbmxelgin.com, and on our Facebook page (“The Hill BMX Elgin”).

Storytelling for Climate Justice

Storytelling for Climate Justice is a 6-week after-school program, where students will develop an understanding of climate science through a creative lens. Storytelling is a powerful way to invite people into the environmental movement, which students will discover by consuming existing works and then, they will be invited to bring their own creativity to the table to complete short stories in the Climate Fiction, or ‘Cli-Fi’ genre. In creating works of Cli-Fi, they will imagine a world in which climate change has been stopped or reversed and explore ideas for how that could be accomplished. They will also use storytelling as a way to broaden their perspectives beyond human conditions. Students will be invited to submit their works of ‘Cli-Fi’ for publishing.
